

October 1st, 2025

A Strong Start to the 2025–2026 Academic Year 🌟

This past quarter has been filled with milestones and inspiring moments at Green Scholarship Program. Together, we continue to empower students in their educational and personal journeys:

- 🎓 14 graduates celebrated from the 2024–2025 academic cycle.
- 🌱 18 new scholarship recipients welcomed, bringing our community to 58 young scholars.
- 🍷 August integration event: a warm welcome that fostered connection and belonging.
- 🧠 First Life Skills Seminar in September: Developing Healthy Habits, led by three of our Psychology graduates who now serve on GSP’s Student Wellness Committee.

With these achievements, we’ve started the school year on the right path—offering not only financial aid, but also comprehensive support during this critical stage of professional and personal growth.

🌟 All of this is possible thanks to the generous support of our donors and sponsors, volunteers, board members, staff, and the wider network that makes GSP thrive. 🌟
With gratitude,

Vanessa Figueroa
Executive Director
Green Scholarship Program

Our September Seminar on How to develop healthy habits, we celebrated Mexican Independence Day wearing Mexican clothing or accessories. Viva Mexico!

FEATURED GRADUATE

Ana Paula Pérez - Environmental Science graduate 2024

★ Our Graduates Leading Change ★

Ana Paula, one of our distinguished graduates, was selected to participate in a legislators' incubator, where she developed a bill proposal on Protected Natural Areas 🇲🇽.

Her commitment and vision opened the door for her to present this proposal at the Senate of the Republic, personally delivering it to the senators of Baja California Sur for their review and potential introduction as a legislative initiative.

Stories like Ana Paula's remind us how your support helps transform education into tangible actions that protect the environment and create a better future. 🌱🌍

Congratulations, Ana Paula—your passion and leadership inspire us all! 🙌
